Attn.: Mr Jack Tan, Managing Director

Dear Sirs

MINI SUN POWER-MODEL JG-168 ADAPTOR

We refer to your letter dated 31 December 1999.

2 Based on the information given by you and the sample submitted, your product, the MINI SUN POWER model JG-168 adaptor is a special-purpose and not a general-purpose adaptor. Its primary function is to filter eddy currents and voltage surges. We also note that the sample submitted bears no marking or labelling.

3 We, therefore, wish to confirm that the MINI SUN POWER model JG-168 adaptor which you have shown to our officer, Mr Lee Tong Han, is not a prescribed article.

4 Hence, you do not need to obtain approval from the Public Utilities Board, prior to marketing this product in Singapore.

Yours faithfully

JOSEPH MICHAEL
